

However, Our Blessed Mother then explained to me, by saying;

“Through the years, in the past, you only Knew of me, and it is only in the past 5 years that you have actually got to Know me.”

Through this explanation from Our Blessed Mother, it now became clear to me that it was through the fulfillment of Her wishes to pray the Rosary on a daily basis, that I began to develop an Intimate relationship with Our Blessed Mother and eventually got to Know Her.

Having helped me to see where I personally stand in relation to Our Blessed Mother, She then went on to say;

“I, your Heavenly Mother, have been, and am continuing, to call you and all of Mankind into My Arms and My Heart, and I am asking you and all of mankind to open their hearts to Me, so that I can enter into your hearts and fill all of you with My Love.

I reach My hands out to you, and all mankind, in order that I can lead you, and mankind to My Beloved Son, Jesus, who Loves every one of you, so Dearly, in order for you to Get to Know His Love more Intimately, and in order to prepare you, during this Journey, to reach Eternal Salvation and happiness with Him, in Heaven.

Please remember, that your lives on this earth, are only a Journey, a Journey of preparation for Life Eternal, where, My Beloved Son Jesus, wants to be sharing His Sacred Love with all of you, together with His Heavenly Father in Heaven.

This Journey, however, is not an easy Journey.

The path along which you have to travel in order to reach Eternal Salvation, is pitted with many Hurdles, many Potholes and many Pitfalls, and that no Human Being, whoever they may be, will ever traverse this path successfully, on their own.

Please believe Me when I, say, no-one can reach the Kingdom of God without help, simply because of the Weakness, of your human nature.

From the very highest, in Man-Made terms, to the very lowest, in Man-Made terms, not one person can reach the Kingdom of God, without Divine Help.

Even wonderful people like the late Mother Teresa, and the present Holy Father, both of whom had and have, accepted My Love, would not, and could not be able to successfully attain Eternal Salvation without Divine assistance.

It is for this reason, therefore, that I, your Heavenly Mother, reach out to you and all of mankind, to offer you My help, the Blessed Wish of My Beloved Son, Jesus, who Loves every one of you, so Dearly.

You and all of mankind, are All My Children, and as any earthly Mother would want the best of happiness for all her children, I too, as your Heavenly Mother, want the Best for All of My Children too.

Please Hear My Call. Please open your Hearts to Me, your Heavenly Mother, so that I may fill you all, with My Love.”

With this Our Blessed Mother then totally filled me with Her Love, as I had, during Her Message, Totally and Unreservedly opened my own Heart, to Her.

My Dear Brothers and Sisters in Christ, try as I might, I simply cannot find the words that could sufficiently describe, the Peace, the Beauty, the Tranquillity, the Joy and the Happiness that Our Blessed Mother’s Love gave me at that moment. Suffice it to say, that I simply did not want it to leave me, not even for a moment.

Then Our Blessed Mother continued on to say;

“To enable you and all mankind to travel along this extremely difficult path to Heaven, you have available to you, two very important tools, The Holy Rosary, and The Blessed Eucharist.

Pray for me, o Holy Mother of God, that I, your Humble Servant, will carry out, Your requests, with True and Unfailing Faith in You, and Your Blessed Son, Jesus Christ.

No. 3 Come to my Heart Part 1

My Dear Brothers and Sisters in Christ, During the period from 14th December 2003 to 21st December 2003, Our Blessed Mother had, once again, during my Bush exercises, Visited me in my Heart 3 times, during which She revealed and then expanded on the first Messages that were to form the foundation of my task, as Our Blessed Mother’s Messenger.

It is important to note, however, that, it was some days after the Revelation of these first Messages that I was eventually to accept this Mission, the reasons for which I will explain a little later on.

Some 10 days had passed since Our Blessed Mother had come Directly to me in my Heart, but in spite of this, I would always Feel Her Divine presence during my Bush exercises.

However Our Blessed Mother returned into my Heart, and on Her return She said to me;

“I, your Heavenly Mother, have been calling you for 51 years of your life, but you have not been Listening, and you have not been Hearing Me.”

This statement, although so most wonderful to receive directly from Our Blessed Mother most puzzled me, as I couldn’t remember or recall to memory any specific occasion in my life where I could identifiably interpret a Calling from Our Blessed Mother.

However, unlike on the occasion of Her Second Contact with me in relation to the Suffering that I was to endure, this time Our Blessed Mother was so Gracious as to offer me both an explanation and illustration of this Puzzling statement.

This is what She said;

“I, your Heavenly Mother, stand face to face with Satan, but with you and every one of My Children on Earth positioned between Satan and Myself.

When you or anyone, has their back turned to Me, they are at that point, facing Satan, and with your or their backs to Me, neither you nor they can Hear Me, as your ears face forwards.

But when you turn to face Me, your Heavenly Mother, your back is then turned to Satan, and now in facing Me, you are able to Hear Me.

That is why you are now able to Hear Me, because you are now facing Me, your Heavenly-Mother, and not Satan.

Furthermore, when you are facing Me, your Heavenly Mother, and your back is turned to Satan, I am still facing Satan, and I, your Heavenly Mother, on your behalf, am able to deal with Satan, who now cannot be Heard by you.”

Then at this point Our Blessed Mother painted a visual image of how I have been, most of my life, positioned in between Her and Satan, but in such a way that I was effectively facing Side-on to both Our Blessed Mother and Satan, so that in this position, I was effectively positioned, where one ear was Side-on facing towards Satan, and the other similarly Side-on, facing towards Our Blessed Mother, which in effect would have enabled me to only partially Listen to, or Hear Satan whilst at the same time partially Listen to, or Hear, Our Blessed Mother.

This enlightenment, of how I have been positioned in relation to Our Blessed Mother and Satan, enabled me now to understand more clearly what She meant when She said, that on calling me I did not Hear Her call.

After all, if I have not been facing Our Blessed Mother full on, then how could I possibly be able to Hear Her clearly?

Then Our Blessed Mother did a most extraordinary thing, and showed me, or more accurately, took me back to various events in my past, an experience, which can probably be best described as similar to, although probably not exactly the same as, what is called, near death experience.

This is an experience, that even though I personally have never experienced, but others I know have, where one's entire life seemingly flashes before them.

In this Manifestation, however, Our Blessed Mother showed me, how at key points in my life, when I was experiencing particularly difficult times, and at which point I Prayed to Our Blessed Mother for help, which was my usual practice during difficult times in my life, She did indeed answer my Prayers.

Our Blessed Mother showed me how, during these Difficult times, She would Pick me up in much the same way as a mother Picks up her little toddler who is starting to learn to walk, when in that learning process, the child stumbles, and if after a few more steps the child stumbles again, the mother once again will Pick the child up onto his or her feet to attempt the next few steps, and so the process goes on with the mother always ready to pick up the stumbling child.

It is in this fashion that Our Blessed Mother had shown me, how She Picked me up, straying from as I stumbled along the path of my life, straying from Her and Her Blessed Son, Jesus, from time to time, and at my request to Her, through Prayer, particularly the Rosary, that She Picked me up and led me on the correct path, until once again when I would stumble, when at which point She would again Pick me up, and so it continued and has continued throughout my life, to this very day. This beautiful experience and explanation of my past life, began for me, a total transformation of my understanding and perspective of my life to date, and was the beginning of a far deeper understanding of both my life, and role in my life, for the present, and hopefully for the future.

Then Our Blessed Mother revealed to me something which made me feel both Humbled and indeed extremely Honoured, when She said:

“The first time that you began to Hear Me, was through the Holy Spirit, with the Music that I, your

Heavenly Mother, have been giving you over the Years.”

This most beautiful Revelation was particularly pleasing to me, as whenever I would play this Beautiful Music throughout the years, I would always tell everyone, that this music was not my music, but that it was Our Blessed Mother's music, Not because I had been told so by Our Blessed Mother at the time, simply because I had not been told, but because I know that the music and words were way beyond my own natural level of, dare I say, talent.

But now, after all these years, Our Blessed Mother had confirmed to me, what I had always felt in my Heart, to be the case, namely that this Beautiful music, was indeed from Her.

However, Our Blessed Mother then continued, by saying:

“It is only now, that you Know, Me, your Heavenly Mother, and only now, that you are both Hearing Me and Listening to Me, intently.”

With this, I told Our Blessed Mother that I thought I had always Known Her throughout my life, and indeed as She Herself confirmed to me that it was to Her that I turned to, during my troubled past.

In fact Our Blessed Mother was an integral part of my childhood years, where, as a family unit we would, children included, Pray the Rosary with Our parents, both in a home setting, and in a Church setting, although as a child my understanding, indeed my Devotion, to Our Blessed Mother could never in truth, be described as deep and meaningful.

As, when praying the Rosary in the family setting, in particular, it was more of a Chore as other home duties would be looked upon in a child's mind, than a meaningful Devotion to Our Blessed Mother, but nevertheless. Praying the Rosary to Our Blessed Mother, was a part of my life as a child, both at home and in the Church, which then carried on through to adolescence, and eventually into adulthood.
