

all, I found myself in such a state of confusion, that I have to Shamefully admit that I was Doubting everything that had taken place.

I was even, I am utterly Ashamed to admit, Doubting that it was even Our Blessed Mother, Herself, contacting me, and also, if only for a short period of time, I even thought that I was going insane.

This state of utter confusion carried on through the Christmas Period, right through until shortly before the New Year.

So, with the backdrop of all this confusion that I was going through in my mind, I did not give a reply to Our Blessed Mother to Her request for me to be Her Messenger, at the time of Her asking.

As a result of this failure of mine to give Our Blessed Mother an answer to Her Request, She returned to me several times during the Christmas period seeking an answer from me, but with me failing to give Our Blessed Mother an answer.

Thankfully, however, with my sincerest and loving thanks to Our Blessed Mother and Her Beloved Son, Jesus Christ, my Lord and Saviour, my health problems began to ease soon after Christmas, and with my wife's condition although still serious, but stabilising, the state of confusion that I was going through, was very much abating.

With this improvement of my situation, my mind became so much clearer, to the point that I could clearly see that it was I, who was creating the state of confusion, albeit as a result of the circumstances that I have just outlined.

For this reason, I was now able to absorb very much more clearly the events and the Messages that Our Blessed Mother had relayed to me, so that by the time that Our Blessed Mother came to me after the Midnight Mass on New Years Eve, I was totally Unconfused, and then when Our Blessed Mother once again sought from me an answer, on 2nd January 2004, I was both Humbled and Honoured to accept Our Blessed Mother's Invitation.

Although this occasion was undoubtedly the most wonderful and Blessed moment in my life to date, it was very much tinged with a feeling of Shame on my part, for having in any way, Doubted, Our Blessed Mother during that difficult time, but in spite of that, She still placed Her Faith in me, something which I could never thank Our Blessed Mother enough for, but which also, showed me the depth of Love that She has for me.

So My Dear Brothers and Sisters in Christ, the very acceptance of Our Blessed Mother's Invitation to me, did not take place without the very Hurdles that Our Blessed Mother had pointed out, that we have to Climb, along the Path to Heaven, and this First hurdle in the Mission that Our Blessed Mother together with Her Divine and Beloved Son, Jesus, have clearly mapped out for me, itself, in fact, needed Our Blessed Mother's help, for me to overcome.

I would like to add personally that, I truly feel immensely Honoured, but also I truly feel, totally Undeserved of the Honour, and indeed Blessed by Our Blessed Mother, for being Invited, to be Her Messenger,

However, I feel it important to let you know that I am most aware that with it, comes an Awesome responsibility, which I Pray and hope I will be able to carry out with Sincerity and Love in my own Heart. It is to this end, that I ask all of you, My Dear Brothers and Sisters in Christ, to Pray for me.

Therefore, I, on behalf of, and in Our Blessed Mother's name Invite you to absorb these wonderful Messages, and if you feel it in your Hearts, then to pass them on, to whoever you feel that you would like to share them with, and be mindful that if any of those people wish to talk to me that I will, as was requested by Our Blessed Mother, be willing to make myself available, to speak with them.

May God Bless you all, My Dear Brothers and Sisters in Christ.

No. 3 Come to my Heart Part 2

The Holy Rosary, a Gift which I, your Heavenly Mother, gave to all of you, My Children, and which I have asked, through My Dear Faithful Children at Fatima, for all of you to Pray Daily, is the Key to My Heart, and My Dear Children, I can assure all of you, that in Praying the Rosary, you Truly reach My Heart directly, and I will always listen to, and answer, your requests and Prayer intentions, and with this Beautiful Prayer, you will be able to Open My Heart, thereby enabling you to reach My Love, that I so much want to give you.

The Blessed Eucharist, My Dear Children, is The Blessed Sacrament, Given to you, by My Beloved Son, Jesus, in order that He may enter into your Souls through the Graces present in The Blessed Eucharist, and through which you are able to gain an Intimate relationship with Him.

I implore you, My Dear Children, to please receive The Blessed Eucharist, as Often as you can, but most, most importantly, with the utmost of Reverence.

It saddens Me so much, when I see so many of My Children, receiving, My Beloved Son, in The Blessed Eucharist, with little or even no Reverence at all.

Please understand and reflect, on the fact, that it is My Beloved Son, Jesus, Himself that you are receiving, and most importantly accepting, into your Hearts and Souls, and that My Beloved Son, Jesus, made the ultimate sacrifice for you, through His Crucifixion and His Resurrection, in order that you can receive His Most Sacred Graces, thereby, providing you with the Hope and Promise of Eternal Salvation.

All too often these days, I, your Heavenly Mother, am witness to so much lack of Reverence shown to My Beloved Son at Holy Communion, during the Celebration of the Holy Mass, both in the act of Delivering and of Receiving of My Beloved Son, in The Blessed Eucharist.

Please remember, My Dear Children, you are being Invited, by My Blessed Son, Jesus, to share in a Holy Banquet, at Holy Communion, so it should be with the utmost of Reverence that you should be accepting, this Holy Invitation.

After all, if you were invited to a Banquet (or to a Dinner), by an earthly dignitary, such as a member of Royalty or a President of a country or perhaps a Prime Minister of a nation, would you not dress appropriately, turn up on time and behave with appropriate decorum, showing Respect to the Host? Of course you would.

Why then is it, My Dear Children, that so often the same manner of Respect, is not afforded to My Beloved Son, Jesus, who Himself has Invited you, with so much Love to His Altar, and who is far more Worthy and Gracious than any Human dignitary, and who Ultimately is your Heavenly King, this, during the Holy Mass and at the Receiving of Him in The Blessed Eucharist?

Have you forgotten, My Dear Children, that My Beloved Son, Jesus, is Ever Present in the Tabernacle in your Churches?

Why is it, that so often I, your Heavenly Mother, witnesses so much lack of Respect, even lack of Recognition of His presence in the Tabernacle, when My Children either enter, or when they are present in the Church?

Do you not realise that this lack of Respect so much Offends My Blessed Son, who Loves you so Dearly, which in turn, makes My Heart Bleed?

I ask of you again, My Dear Children, please receive The Blessed Eucharist with the Reverence that is most Deserving of My Beloved Son, your Saviour and furthermore, as Often as you can.

Please, also Pray My Rosary as Often as you can, and please open your Hearts, to Me so that I can Fill your hearts with my Love, and if you should choose to do this, I, your Heavenly Mother, will be able to help you, to Get to Know My Beloved Son, Jesus, your Saviour, more Intimately, on your Journey through this life."

Then Our Blessed Mother again reiterated to me, for me to open my Heart to Her, which I had already done during this Message, and again She filled my Heart with Her Love, and then momentarily, although seemingly simultaneously, She made me feel Her Sadness, then continued with what was a Personal Message to me, saying;

"Sadly, most of Mankind, that is of course, My Children, are NOT Listening to Me or Hearing Me, yours and their Heavenly Mother, in much the same way as you had not been Listening or Hearing Me, and this, in spite of My continuing Calls.

It is this very Rejection of My Calls, and the turning of their backs on Me, their Heavenly Mother, that Hurts Me and Saddens Me, so much.

But, if just one of My Children should Hear or Listen to My Call, as you EVENTUALLY did, then the Happiness and Joy that this gives Me is so overwhelming, that I will, as I have done with you, Engulf them with My Love."

These Messages, that I, your Heavenly Mother, have given to you, have been given, not only for own benefit, but for the benefit of all mankind - All My Children throughout the world, and this regardless of Colour, Creed, Nationality or Position in Life, or society.

Every Human being that ever was born, is now alive or yet to be born, are All My Children, and as their Heavenly Mother I Love them all, and so I Reach out to everyone, with these Messages.

It is for this reason, therefore, that I Invite you, to be My Messenger on earth, in order that you might pass these Messages onto My Children.

In carrying out My request and passing on My Messages to My Children, I will not let you do this on your own.

Wherever you are, and with whom ever you are, be it one person or a group of people, I will be with you by your side and in the presence of those to whom you are passing My Messages onto. You cannot do this on your own, but then, you will not be on your own - I, your Heavenly Mother, will be with you Always.

Also, whenever you pass My Messages onto anyone, please Invite them, in turn, to also pass them on to their friends, family and people they know, so that My Messages can be spread and eventually reach All My Children, that are willing to Hear them.

Please remember, that these Messages are for All My Children on Earth, whoever they are or where ever they may be.

In the process of passing on My Messages, I also ask of you, to be prepared to open your own Heart and Soul to those that you would be talking to, by which you can become both an Example and Instrument of Mine, on My behalf and that of My Beloved Son, Jesus.

Will you do this for Me?"

Now My Dear Brothers and Sisters in Christ, it is important for you all to know, that even though I have been able to recall everything that took place, and all the Messages that Our Blessed Mother relayed to me at the time, it so happened that the day prior to the beginning of this series of Messages, my wife had taken so seriously ill, that I had honestly thought that I was about to lose her.

In fact she had been hospitalised briefly during this period of the receiving of these Messages, and I was so distraught over my wife's medical condition, that during this period I was totally and utterly confused within myself.

Then to compound the situation, towards the end of this period of receiving the Messages, with my wife's condition still very serious, I myself, fell quite ill, although my condition was very much less serious than that of my wife's, and very much shorter lived.

Nevertheless, this added to my confusion, and with the timing of these Messages occurring so soon after the events of the Memorial Mass request and its subsequent painful difficulties, all in
