

The reality of what you can now See, My Dear Son, saddens Me, your Heavenly Mother so much, because it is a True Representation of the Grip that Satan has on Mankind today, as described in My Message, Satan's Control Over Mankind, a Grip which Satan is not only Intent on Strengthening, but in fact also Widening, as described in My Message, Satan's Diabolical Campaign.

Please remain Faithful in Me, your Heavenly Mother, and in My Beloved Son, Jesus, your Heavenly Brother, as you carry out your Mission on My behalf, and be mindful of the Urgency to so many of My Children on earth, but particularly to those who sadly Lack or are Lacking in Faith both in Me their Heavenly Mother and in My Beloved Son, Jesus, their Heavenly Brother, who Loves them so, so Dearly.”

Then with this Our Blessed Mother concluded this Message, leaving me almost in Horror at the task ahead of me, as it was now so Clear to me, as I further Gazed over the City Lights and where it now became so obvious, how few in numbers were the Bright Lights and how Great was the Combined Areas of Darkness, compared with Combined Area of all the Areas of Light, being probably 90% of Darkness from my Visual Vantage point, as opposed to about 10% of the Areas of Light !

I pray, o Holy Mother of God, that those who choose to Read or Hear Your Messages, will receive them with Your Blessings, and that their Heart's too, will be filled with Your Graces and Love.

Pray for me, o Holy Mother of God, that I, your Humble Servant, will carry out, Your requests, with True and Unfailing Faith in You, and Your Blessed Son, Jesus Christ.

No. 42 Light of Faith

My Dear Brothers and Sisters in Christ, In the evening of the 15th June 2004, and towards the end of my Bush exercises for the day, I took a rest, as I very often do during my Bush exercises, at the Rock which I have described in previous Messages as the Rock of Sorrows.

However, in light of the Wonderful and Enlightening Message from Our Blessed Lord during the Visual Image that I received on the 4th June 2004 as described in the Message Divine Mercy, I have now decided to rename this Location to what I now feel to be more a appropriate title of, The Rock of Hope and Sorrows.

It was here, at The Rock of Hope and Sorrows, where as I was resting and taking in the View of the night Skyline overlooking the City of Perth, that Our Blessed Mother once again Came to me with a Personal Message, which in keeping with Our Blessed Mother's request to open my Heart and Soul to everyone, I would like to share with all of you My Dear Brothers and Sisters in Christ.

This is what Our Blessed Mother said to me; „My Dear Son, I have been waiting for you tonight at this Rock, in order that I can show you the extent of the Mission that you and All My Messengers throughout the world, have before them.

In recent months you have often stopped at night, to rest at this Rock and Pray to Me,

your Heavenly Mother, during which I have sat down next to you in Prayer, and as you Prayed you would often Gaze at the Night Sky and look at the Lights in the distance overlooking your City of Perth.

Tonight, My Dear Son, I am Inviting you to Look at these Lights again, but this time with your Heart and Soul, because these Lights, will Reveal to you The Lights of Faith of you're your Fellow Brothers and Sisters in Christ, but together with this it will Reveal to you the Darkness of those who most sadly are Lacking in this most beautiful Gift of Faith that your Heavenly Father is continuously Offering All of My Children on earth.

As you Look at the Lights tonight, take notice of the Brightness of these Lights, and how much Area of Darkness there is in between the Lights, but also take notice of how so many of the Lights are Wavering in the Dark of the Night, as if they were Candle Flames Wavering in the Breeze."

So, as requested by Our Blessed Mother, I did at that point look more Closely at, or perhaps better described, more Intently, at something which I have observed many times over the past few months during my evening Bush exercises, namely the Lights of the City and nearby Suburbs at Night, whilst resting and Praying at this Rock of Hope and Sorrows.

However on this occasion, I could most definitely See the Lights in a completely different Prospective than before, and could quite Clearly See many of the Lights, particularly those in the Distance, Wavering as Our Blessed Mother described, almost as if they were Candle Flames that were on the Brink of being Extinguished in the Breeze of a Wind.

Of course this Visual effect of the Wavering Lights was in reality due to the Heat Haze from the Surface of the ground rising Skywards, but nonetheless, it was something that I had not Consciously observed before tonight, until Our Blessed Mother had pointed it out to me.

In addition, as pointed out to me by Our Blessed Mother, there were Lights of different Luminosity or Brightness, where some of the Lights were very Bright, such as the Floodlights in the Commercial areas of the City, but where most of the Lights were very much Dimmer such as the Street Lights of the Suburbs, which as Our Blessed Mother pointed out had Areas of Darkness around them, almost as if each individual Street Light was located in its own individual Area of Darkness.

Then as I was taking in this New Prospective of what really for me has been in past months a relatively regular Scene, Our Blessed Mother continued on with Her Message saying;

„These Lights that you are now looking at, Represent, as I have just told you, the Lights of Faith of your Fellow Brothers and Sisters in Christ, but where the Bright Lights Represent those with much Strength in their Faith, of which, as you can See, there are but Few in numbers.

Those Lights that are less Bright and Diminishing in Brightness, Represent those whose Faith is Weaker, and Weakening still further for those, Represented by the Lights that are Diminishing even more in Brightness, which in turn are surrounded by Areas of Darkness, Representing those who most sadly have either Lost their Faith altogether, or those who have chosen to Reject the Sacred Offer

of the Gift of Faith, continually being Offered to them, by The Heavenly Father.

But, there are many Lights that are Wavering among these Lights of Lesser Brightness, which Represent those whose Faith in turn is not only Weakening, but is also on the brink of being Extinguished, as a Candle Flame is Extinguished in the Breeze.

As you can See from this Visual Representation there are so Few Bright Lights and that so many of the Less Brighter Lights are Wavering, and to add to this, the Areas of Darkness far outstretch the Combined Area or Number of Lights, that is Bright Lights and Dimmer Lights Combined.

My Dear Son, it is through this Visual Representation, that I, your Heavenly Mother, am showing you just how much work is ahead of you and All My Messengers on earth, in your Mission in notifying those My Children of Mine, who do not yet have either My Beloved Son's Love in their hearts or that of My own Love, of both the existence of this Heavenly Love and the Urgent Need for this Love for their own Eternal Salvation.

There is an Urgent Need to firstly Strengthen the Faith of those whose Faiths are Wavering and then, to further Strengthen their Faiths together with those whose Faiths while Weak but not Wavering, in order that they too can become as Strong in their Faith as those Represented by the Brighter Lights, because as with the Bright Lights where the Light that shines over the surrounding Darkness will Ignite or Light up the Darkness, a person with Strong Faith in turn, can help Influence or Ignite the Light of Faith on those who do not have Faith, at this point in time.
