

the City of Perth, as if the Cross was positioned atop the Rock of Hope and Sorrow, where I have received many Messages from Our Blessed Mother.

Then, as I was trying to take in the Magnificence of this Most Glorious of Scenes, I could See that both Our Blessed Mother and I, who at this point were both kneeling at the Foot of the Cross looking up at this Glorious Transformation, were being Engulfed by the Tri-Coloured Beams of Light emanating from the Eucharistic Host upon which, in turn, was Superimposed the Wonderful Image of Our Blessed Lord's Sacred Heart, as described above, which in turn Transferred the most Wonderful Feelings of what I could only describe as Heavenly Emotions, throughout my entire being.

My Dear Brothers and Sisters in Christ, as has been the case on Previous occasions, when I have been so Privileged and Blessed in Receiving these most Beautiful Feelings of Heavenly Emotions either from Our Blessed Mother or, as on this occasion, by Our Blessed Lord, I simply cannot find the words to adequately describe these Feelings in a way that can really do justice to the Magnificence or Beauty of them.

For this reason I ask you to forgive me for having failed once again, on this latest occasion, to adequately describe these most Wonderful of Feelings.

Then after what seemed like only a few short minutes, today's Visual Image came to its conclusion, whereupon I lifted myself up from the ground and proceeded to complete my Stations of the Cross for the day, but also leaving me in total Awe and Wonder over this Most Magnificent Experience.

Later on in the evening of the same day, whilst Praying to Our Blessed Mother and Meditating on the Visual Image from earlier on in the afternoon, this during My Bush exercises for the day, Our Blessed Mother Came to me with yet another Message just as I was approaching the Rock of Hope and Sorrow.

This is what Our Blessed Mother said to me; „My Dear Faithful Son, today, during your Devotion to My Beloved Son, Jesus, as you accompanied Me, your Heavenly Mother along The Road to Calvary, you were Called to Witness two very Special Events.

Firstly, you were Witness to How My beloved Son's, Sacred Heart has been and still is being Pierced by the Thorns of Sin, the Sins of Mankind, My Children on earth, and how these Sins cause so much of My Beloved Son, Jesus Precious Blood to be Spilled for Mankind, just as He had to Endure on The Cross for the Salvation of Mankind, some 2000 years ago, and still Endures to this very day as Mankind continues to Sin against Him every day.

Then you were Witness to a Most Beautiful Mystery of the Transformation of My Beloved Son, Jesus Sacred Heart from the Pain and Suffering inflicted on Him through those Dreadful Sins Committed against Him by Mankind, to the Glorification of His Sacred Heart at the Point of His Glorious Resurrection.

It is because of, and through My Beloved Son, Jesus Love for Mankind, and that of His Heavenly Father's Love for My Beloved Son, Jesus, as well as for Mankind, and through My Beloved Son's Heavenly and Divine Mercy and Heavenly Forgiveness for those Children of Mine that have shown True Contrition for their Sins, that this Most Beautiful Mystery can and does take place.

This Most Beautiful Mystery and Transformation that you have been Witness to today, was that of the Sacred Heart of Trinity, Representing the Full Glory of My Beloved Son, Jesus Sacred Heart as it so Lovingly Exists in the Heavenly Kingdom of God.

Pray for me, o Holy Mother of God, that I, your Humble Servant, will carry out, Your requests, with True and Unfailing Faith in You, and Your Blessed Son, Jesus Christ.

No. 43 Sacred Heart of Trinity Part 1

My Dear Brothers and Sisters in Christ, In the afternoon of the 18th June 2004, and during my Friday Stations of The Cross as requested of me by Our Blessed Mother, which I carried out, once again at the outdoor location at the Schönstatt Shrine in Armadale W.A., another extraordinary event took place, during the promised Visual Image at the 12th Station.

So once again, in keeping with Our Blessed Mother's request to open my Heart and Soul to everyone, I would like to share this Beautiful experience with all of you, My Dear Brothers and Sisters in Christ.

It was towards the start of what has now become the Standard Image, as described in the Message The Agony of Christ (Message No. 17), at which point I was Witnessing and sharing with Our Blessed Lord in His Pain, as He Struggled in Absolute Agony with His Back being so Horrifically Excoriated by the Rough Surface of the Wood of the Cross, that all of a sudden, I Saw Our Blessed Lord's Sacred Chest Opened Up, thereby exposing His Most Sacred Heart.

His Heart, in the Shape and Form of a Genuine Human Heart, was at this point during the Visual Image a Dark Red in colour from the Blood that was covering the surface of the Heart, but had sitting on the Top of the Heart a Crown of Thorns, positioned at an angle of about 45°, much like one would wear a Sash over the Shoulder crossing a persons chest and flowing down to the waist.

In this Visual Image however, the Crown of Thorns was positioned in such a manner that it was at the top of the Heart from the Right of the

Heart covering the Heart at the 45° angle, to approximately midway down the length of the Heart on the Left hand side.

The Thorns in the Crown were very long, rather like nails, about 4 inches or 100 millimetres in length, and with every Heartbeat, I could See the Thorns Digging Deeper and Deeper into the Walls of the Heart, causing even more Blood to Seep out from the Holes being Agonisingly Bored out by these Dreadful Thorns.

Then after what seemed like only a short period of time, I Saw the most Wonderful Transformation of this Agonising Scene, where Our Blessed Lord's Sacred Heart had now changed Totally and Completely, from a Heart of Immense Suffering, to that of a Heart of Wonderment and Glory.

No longer was the Heart covered in His Sacred Blood, and no longer was their a Crown of Thorns sitting atop the Heart inflicting the Most Horrific Torture on Our Blessed Lord.

His Sacred Heart, had now changed in colour to a Pleasant and almost Soothing Light Cherry Red colour, and I could See that the Crown of Thorns had now been Replaced with a Magnificent Golden Crown, which unlike with the Crown of Thorns, was positioned Straight on top of the Heart, much like a Crown Positioned upon a Monarch's Head.

No longer was there Blood Seeping from the Holes Bored out by the Thorns, that were, however, still visible on this Transformed Image of Our Blessed Lord's Sacred Heart, but instead Emanating from the resultant Holes, were Beams of Light, but in a form that I have never before in my life witnessed.

From each Hole, there was a Trio of Beams, namely a group of Three Beams of Light, with each Ray of light in this Trio, being a Magnificent White in Brightness, but with each Ray having a different colour on the Outline or Perimeter of each Ray, with one Ray having a Golden Yellow Outline, then with the second Ray having a Silver

Grey Outline, and with the third Ray to complete the Trio, having a Sky Blue coloured Outline.

I can not even begin to adequately describe to you My Dear Brothers and Sisters in Christ, the True Magnificence of this Beautiful Scene that I was Witnessing, with Dozens of these Trios of Beams of Light, emanating from the Dozens of Holes made by the Crown of Thorns, all of which were positioned in the top half of Our Blessed Lord's Sacred Heart, and with all of these Beams of Light Spraying outwards and away from Our Blesséd Lord's Sacred Heart.

Then I could also See at the Bottom of His Sacred Heart, 3 Balls of Light, shaped like a Candle Flame, which were sitting on the Surface of Our Blessed Lord's Sacred Heart, and which, just like with the Trio of Beams Emanating from the Holes in the top half of the Heart, also had the three individually coloured Outlines, with, from left to right, the first Ball of Light having the Golden Yellow Outline, the second having the Silver Grey Outline, and finally the third Ball of Light having the Sky Blue Outline.

Then to add to the Beauty of this Transformation, the Crown of Thorns that had now been Replaced by a Magnificent Golden Crown, I could See, was itself made up of 4 Bands of Gold, but where the Thorns were Replaced by, what I could See looked like Large Oval shaped and Crimson in colour Ruby's, about 6 inches or 150 millimetres in length, and about 2 inches or 50 millimetres in width, which in turn appeared to be holding the 4 Bands of Gold together, with each Band being spaced about one inch or about 25 millimetres apart.

However, as I was observing this Magnificent Golden Crown I was now getting Closer to the Image of Our Blessed Lord's Sacred Heart as if somehow I was Zooming in on the Image, and from this Closer Zoomed in view, it enabled me to See the top of the Heart, which in turn also allowed me to See the total Circumference of the top Band of the Crown.

It was from this vantage point that I could see that there were a total of 5 Large Ruby's equidistant from each other, covering the Circumference of the Golden Crown which in turn was holding the Bands together to make the Crown complete.

Then from the front view of Our Blessed Lord's Sacred Heart I could also See that along each of the 4 Bands, and between each Ruby holding the Bands together, there was a row of 10 Small Diamonds each Glittering like small Stars in the Sky.

Then as I was taking in the Magnificence and Awe of this Beautiful Transformation as just described, the Image of Our Blessed Lord's Sacred Heart, again as just described, I could now See that the entire Image had become Superimposed on a Large Eucharistic Host which in turn covered the entire Chest of Our Blessed Lord, where the top of the Host was positioned just below Our Blessed Lord's Bearded Chin, and the bottom of the Host about level with His Navel, all the while with Our Blessed Lord still Hanging on the Cross.

However around the entire Perimeter of this Eucharistic Host there were the same Trio of Beams of Light Beaming outwards, just as from the Holes in the Heart, with the same colour scheme and sequence as in the Heart itself, giving the Host the same Appearance as the Host in the Monstrance when the Blessed Sacrament is being Exposed during the Adoration of the Blessed Sacrament.

Then I could See the Trio of Beams of Light with its Tri-Coloured Format, becoming Brighter and Brighter to such an extent that the Brightness of the Beams of Light totally obscured Our Blessed Lord's entire Body.

However, from behind the Brightness of these Beams of Light I could See a Silhouette of the top of the Cross on which Our Blessed Lord was Hanging, together with the end of the Arms of the Cross, as well as the Foot of the Cross, but I could also See behind the Silhouette the Lights of
